Outcome and Performance Measures (established by the Centers for Medicare & Medicaid Services)			
National objective	Gift of Hope 2007 rate	Gift of Hope 2006 rate	National 2006 rate
75.0% donation rate ³	74.4%	79.8%	66.8%
3.75 organs transplanted per donor	2.99	3.19	3.05

Donation/Transplant Outcomes		
Gift of Hope 2007 # donors/ # organs transplanted	Gift of Hope 2006 # donors/ # organs transplanted	National 2006 # donors/ # organs transplanted
268	305	8,022
802	973	22,200

³ The percentage of deaths of all patients medically eligible for donation who become organ donors following brain death or cardiac death. This category includes extended criteria for donation.

Gift of Hope Organ & Tissue Donor Network is proud to serve as the federally designated not-for-profit organ procurement organization (OPO) that coordinates organ and tissue donation and services to families of donors in the northern three-quarters of Illinois and northwest Indiana. Since its inception in 1986, Gift of Hope has coordinated donations that have saved the lives of more than 14,000 organ transplant recipients, and improved the lives of hundreds of thousands of tissue transplant recipients. As one of 58 organ procurement organizations that make up the nation's organ donation system, Gift of Hope works with 183 hospitals and serves 11.7 million residents in its donation service area.
