

Why is Registering to Be an Organ and Tissue Donor Important?

112,000+

people in the U.S. are waiting for an organ transplant

Every

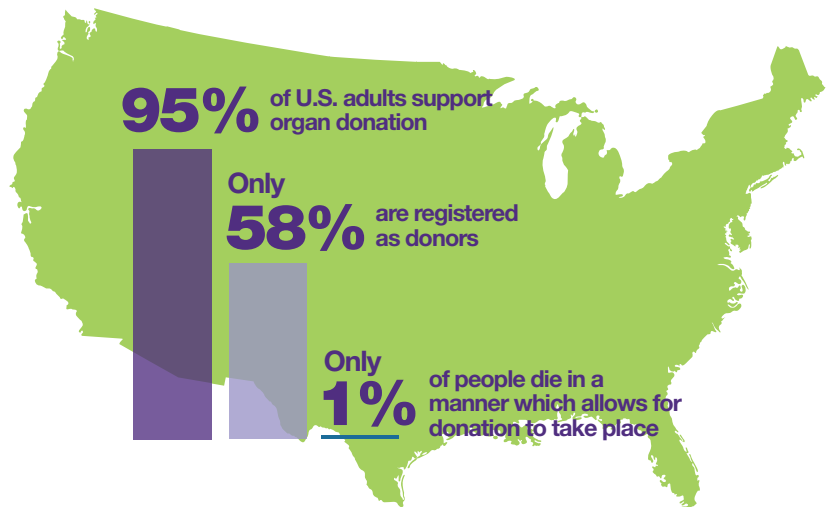

10

minutes a new person is added to the waiting list

Every day

22

people die because the organ they need is not available

Only 3 in 1,000 people die in a manner that allows for organ donation. That's why it's so important to encourage as many people as possible to register as organ and tissue donors.

What Can One Donor Do?

Save up to 8 lives

Restore sight to 2 people

Heal more than 25 people through tissue donation
