Speakers

**Brett Butzman, Education
& Training Consultant,
Gift of Hope**

Mr. Butzman provides training to tissue authorization and donor resource specialists who interact with families of potential donors. He is an authority on donor evaluation, family conversations and donor logistics and intake. He is a career educator and curriculum designer.

**Kelly Patrick, MS, CTBS,
Recovery Partner Director,
Solvita**

Ms. Patrick has worked in the tissue banking field for more than 20 years in roles ranging from tissue processing to quality systems. Her expertise includes the tissue recovery process, allograft processing and applications, and the impact of donation on tissue donor family members and tissue recipients.

Personal stories: Donor families and transplant recipients will share their experiences.

**Moderated by Amanda Korcal,
Donation Coordinator, Gift of Hope**

You are invited to a free webinar series for nurses, respiratory therapists, residents, medical students and other hospital staff. Gain information and insights to better understand tissue donation and your role in the process.

Participants will learn:

- How referrals for tissue donation are evaluated and authorized
- The role of the medical examiner and coroner when there is a death investigation or private autopsy
- Which tissues can be donated and how they are used for transplant patients
- Steps in the tissue recovery process, healthcare team roles and donor family involvement
- How hospitals and Gift of Hope honor the generosity of donors and their families

*This activity is jointly provided by OSF HealthCare and Gift of Hope Organ & Tissue Donor Network.

- No planner for this activity has relevant financial relationship(s) to disclose with ineligible companies.
- OSF HealthCare System is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation (P-0807).

If you register but cannot attend you will receive a link to watch the recording and earn CEUs for 30 days. 2.75 CEUs for course series are pending approval. Participation in both courses, post-tests & evaluations must be completed.
