What can one donor do?

Save up to **8** lives

Restore sight to **2** people

Heal more than **25** people through tissue donation

More than
100,000
people in the U.S.
are waiting for an
organ transplant

Only **3** in **1,000** people die in
a manner that allows for organ
donation; that's why it's so
important to encourage as many
people as possible to register as
organ and tissue donors

95%
of U.S. adults support
organ donation,
but less than
60%
are registered donors

Every **8** minutes,
a new person is added to the waiting list
